

# Dentons Cardenas & Cardenas expands in Colombia

October 13, 2020

**Colombia** —Four years since the combination with Dentons, the world's largest law firm, Dentons Cardenas & Cardenas opens a new office in the city of Medellín, thus expanding its presence in Colombia.

“The opening of this new office is consistent with our strategy of being where our clients need us and is an important step that will allow us to better serve our clients in Colombia and around the world,” says Bernardo Cárdenas, Managing Partner.

Dentons Cardenas & Cardenas is a top full service firm with a tradition of more than 100 years in Colombia and the highest market recognition, including 11 practice rankings and 23 lawyer recognitions in Chambers & Partners Latin America 2021.

Dentons Cardenas & Cardenas' new office in Medellín will offer multidisciplinary advice to its clients, focusing on corporate matters and litigation and dispute resolution (including arbitration), and will coordinate with the Bogota office work for these areas and for others such as tax, labor, intellectual property, banking and finance and infrastructure, in which Dentons is recognized as a leader globally.

Medellín is the second-largest city in Colombia after Bogotá, with a population of over 2.5 million, and the principal industrial city in Colombia, with an economy driven by textiles, financial services, food and beverages, infrastructure and commerce. Five out of ten Colombia's biggest companies are incorporated and have their main place of business in Medellín.

The key contacts for the new office are Bernardo Cárdenas, Managing Partner and Andrés Fernández de Soto, lead partner of the Litigation and Dispute Resolution practice area, who will work hand in hand with associate Daniel Jiménez Pastor.

This year Dentons has added 22 new offices around the world in an environment where other law firms are standing still, contracting or withdrawing from key markets.

Clients are confronted with constant, accelerated change and want to work with a law firm that has the experience and confidence to help them navigate the New Dynamic wherever they are located. Dentons now has more offices in all of Latin America and the Caribbean than any other law firm making it the first truly Pan-Latin American and the Caribbean law firm capable of serving clients in 25 countries in Latin America and the Caribbean countries and 189 locations across 77 countries around the world.
